

FUN SERIES

ONE STYLE. FIVE FUN MODELS.

16 Fun • 18 Fun EXT • 18 Fun • 20 Fun EXT • 20 Fun

We do things a little differently.

Is Legend Canadian?

Yes. We are a Canadian company. We live and play where you do. We understand boating in the unique Canadian wilderness. It's different here, and that's why each and every model is designed by Canadians and **built for Canadians**. From thicker aluminum to full stand-up tops, we make sure that Mother Nature is no match for your Legend.

Are Legend boats built in Canada?

Yes and No. Our product developers seek out quality manufacturers throughout North America who can produce in the most **cost effective** way. By outsourcing component manufacturing and then performing all final assembly, sales, service, and warranty right here in Canada, we ensure that the end product is fit for the Great Canadian outdoors.

Are the printed catalogue prices MSRP?

No. The printed price is our **hassle-free, lowest price**. We provide it up front, so there's no need for uncomfortable negotiations. To top it off, aside from a small variance in freight, our low prices are the same across Canada. Now you can make an informed, easy, and no-pressure decision in the comfort of your own home.

It seems like everyone's warranty is pretty much the same. Is that the case?

Well, at first glance it appears that most companies are offering some sort of lifetime warranty, and it's easy to assume that all warranties are the same, but the devil is in the details. By details, we're talking about the fine print. Our **WOWranty** combined with our **Lifetime** hull warranties give you the absolute best warranty coverage, bar none. Not only do we cover more stuff for longer, but the best part is that everything is taken care of right here in Canada.

Someone told me Legend boats are underpowered. Is that true?

No. You can actually power your boat with the engine of your choice. Each Legend boat model is designed and packaged with a **Mercury** motor **large enough** to get you and a friend on the water to experience the boating lifestyle with minimal investment. We understand that everyone's boating needs are different, and that the packaged motor may not suit your needs. That's why we make it easy to choose the perfect Mercury outboard to power all of your on-water activities. So, whether you want to troll all day, bring the kids tubing, cruise with your family or pull two water skiers, we'll help you select the engine that's just right.

Why do you only package your boats with Mercury outboards?

We partner exclusively with Mercury because of their proven **quality, value, reliability, service and features**. With the large number of clients we help onto the water each year in Canada, other outboard manufacturers would love us to package with their brand. Mercury appreciates our business so much, they offer us exclusive savings that we simply pass on to you. That's how we package with the oldest, largest, number one outboard engine brand at such an incredible price. On top of a great price, by purchasing a complete custom package you'll enjoy consistent performance and one-location servicing.

We give you the most standard equipment

We've outfitted our boats with more equipment for less. **Things that you would have to pay thousands of dollars extra for with other brands are simply part of our value-packed models**. Many of our Legend packages have standard features like Dura-deck vinyl floors, automatic bilge pumps, and a bunch of other great stuff that is optional in other brands. When it comes to value, we're proud to say that nobody compares. We have more equipment for less than any other brand!

You claim your quality is good but your prices are low. How is that possible?

You get what you pay for right? Well in most cases, yes. But at Legend, we never sacrifice quality in order to reduce cost. Our use of quality brand name products in our packages such as Shoreland'r trailers, Minn Kota trolling motors and Mercury outboards - the largest brands in boating - speak for themselves. **To keep prices low, we build fewer models in higher volumes and package each model with the same popular features**. By purchasing thousands of each component, such as full stand-up tops, fish finders and GPS', we can offer you unbelievably high quality at incredibly low prices. That's how we do it.

Why doesn't everyone put pricing in their catalogues?

That's a great question. We don't know. It could be because it takes a lot more work and effort to include all of the details required when you're sharing a price. Or, perhaps nobody else does it because they have something to hide. But we're only guessing. **All we know is that we're so confident that we offer the absolute best value in Canada that we publish our complete, hassle-free, all-in pricing for all to see**. You can find our prices in our full line brochure, on our extensive website and in all of our advertisements. We even print the pricing of our most popular options so you can "build" your own Legend. Nothing is hidden and it's all in Canadian dollars. We've done the work for you and given you our lowest price right up front.

Let us help you choose the Mercury motor that's right for you!

- 1** Each pontoon boat shows a list of motor choices with pricing and weekly payments.
- 2** We've highlighted the most popular engines on each model to make your motor choice easy.
- 3** Choose the motor that gives you the efficiency you want or the speed desired for the activities you plan to enjoy.

Are You All-In?

CANADA'S **ONLY** FULLY-PRICED CATALOGUE

In a world where we are bombarded with fees, surcharges and extras, wouldn't it be nice if a company would just tell us what it's going to cost up front? Legend Boats is that company. Our prices are All-In!

That's right! No administration fees. No hidden freight fees. No rigging fees. Since 1987, our customers have enjoyed having our package pricing at their fingertips so they could figure out what their perfect Legend boat was going to cost right down to the penny. Now, there's no more figuring out. With one simple up-front price, you choose your motor and any options you want, then simply add the taxes. We would have gotten rid of those too but we thought it may have been frowned upon. It really couldn't get any more simple, open, honest or transparent, and we feel that you will appreciate our All-In Pricing. Using your mobile phone camera simply scan the specific QR code of the model of your choice to access all available pricing.

*We only print one version of our catalogue for all of Canada. Customers outside of Ontario and Quebec will have a small fee for freight. For details, visit us at legendboats.com for your local, ALL-IN, No-Fee Price including current promotions.

The NMMA label on a Legend boat is your proof that it meets, and often exceeds, the industry's strictest quality and safety standards.

E-Series, Fun Series Construction

Stainless Steel Hardware

Using stainless steel elevator bolts and fasteners instead of pop rivets to attach our decking to the substructure results in a strong, reliable boat for years to come.

F-style Rub Rail Support

The outside deck edge is covered with this unique F-Style rub rail which clips onto the deck and is fastened securely with stainless bolts. It prevents unnecessary sagging edges and reinforces the entire deck.

Thick Lifetime Decking

A thicker floor means a stronger boat. With 7 layers, each individually treated, we can offer a Lifetime Warranty against rotting. Each seam is sealed with LockOut sealing adhesive and is lined up over a cross member for exceptional dryness.

3

No-Rot Seat Bases

Made with thick roto-cast material means they can never rot, no matter how wet they get. They even have integrated drainage channels so your gear stays drier as well.

Full-length Heavy-Duty V-keel

Our dual-purpose keels provide great protection against unseen obstacles or sandy beaches, while at the same time adding great control even in wind.

Triple-protected Tube Design

Our pontoons are divided into three separate compartments and sealed, making them air tight even in the event of a puncture. If the air can't get out, water can't get in.

EZ-Drain Tubes

Each section of the tubes are connected to one another by a small channel that allows any condensation to drain completely to the back of the tube and out of our Sure-Lock threaded drain plug.

Wave-slicing Wide Nose Cones

The combination of pointed nose cones with spray deflecting lifting fins means you will have a smooth and dry ride in every Legend pontoon.

Footed Deck Supports

By adding a foot to each deck support, we ensure that downward pressure from the upper deck assembly is spread out over a larger surface area for a safer connection. Your pontoon will last longer.

Raised, Quick Dry, Silent Fencing

3/8" spacers raise the fence off of the deck for desired water run-off and airflow, making deck clean-up a breeze. Anti-vibration foam back panels keep your trip quiet.

INCREDIBLE COMFORT. EVEN BETTER PRICE.

The Fun Series is the most value-packed pontoon package on the market. Plush furniture, ergonomic captain's seat, anti-slip easy-to-clean seaweave flooring. Now you can have your boat, and afford it too.

BLUE STATE OF MIND

Enjoy blue accents throughout the Fun Series design.

AMPLE STORAGE

Under every bench, you'll find an incredible amount of storage with all the room you need for lifejackets, picnic baskets, coolers, towels, waterskis, and more.

QUALITY STITCHING

The furniture on the Fun Series are carefully crafted by expert seamstresses and embroiderers.

ROOM TO GROW

Our standard console include a speedometer, gas gauge, Bluetooth AM/FM radio, cup holder, and various switches. Take a closer look, and you'll see plenty of room to add fish finders and other gadgets galore.

5-STEP ALUMINUM EASY-BOARD LADDER

Never hesitate to hop in the water in your Legend pontoon. It's always easy to climb back aboard.

6-10 YEAR WOWRANTY

A warranty that makes you say wow!

Sure we've always had the industry's best warranties on the structural parts of our boats, like the welds, main riveted seams, pontoon tubes, decks and transoms, but what about everything else in your boat? Well, most companies offer a 1 year warranty on the other stuff and some offer up to three years. Although this is very respectable, we figured we'd double that. Legend's 6 Year WOWranty covers most other components for 6 long years, plus our Q-Series LE's, Q-Series and V-Series pontoon boats offer a 10 year warranty. That gives you a lot of worry-free, quality, memory-makin' time.

Our Story

In 1968, two young friends, Vic Duhamel and Carl Dewar decided to start a business. Over the years, they sold products ranging from tires to RVs before realizing how much they loved helping people onto the water and into the boating lifestyle. There were two big issues that they found. Buying a boat was much too difficult, and there really wasn't a boat designed for the Canadian environment.

In 1986, with the goal of simplifying the ownership experience and offering a boat designed by Canadians and built for Canadians, Legend Boats was born. Vic and Carl started by creating affordable and complete boat, motor and trailer packages. They beefed up their boats with thicker aluminum and made full stand-up tops standard on every full windshield model. They wanted to make sure every Legend boat could handle the rugged Canadian climate while keeping boaters safe and comfortable.

Seven children and fifteen grandchildren later, Legend is proud to have the same owners and same focus on family values as it did over nearly four decades ago when Vic and Carl decided to dedicate their lives to making it easier and more affordable to get on the water. We can't wait to welcome you to the Legend Family so that you can start creating your memories!
